

Biodiesel

Jeff Bowman
Fleet Operations Manager
City of Colorado Springs

Diesel Engines

“The use of vegetable oils for engine fuels may seem insignificant today. But such oils may become in the course of time as important as the petroleum and coal tar products of the present time.”

» Rudolph Diesel, 1912

BIO Problems; Real & Imagined

- Altitude concerns
- Fuel pump issues
- Know your fuel distributor

Successful Biodiesel Use

- 353,000 Gallons of B-20 distributed since January 2004
- 70,300 Gallons of pure biodiesel
- -10 Degrees, no operating problems
- Seventeen DOE Credits for 2004

Governor Owens

“Clear air isn’t a luxury. It’s what our citizens expect and deserve....”
